DETAILED ACTION

Claims 1-20 are pending in the application.

Information Disclosure Statement

The information disclosure statement (IDS) is in compliance with the provisions of 37 CFR 1.97. Accordingly, the information disclosure statement is being considered by the examiner.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 19 is rejected under 35 U.S.C. 102(b) as being anticipated by Junji et al. {JP 10212293; see English translation}.

Junji et al. disclose a trihydrocarbylsilated unsaturated carboxylate monomer as defined by the present formula I of the present claim 1 (see Examples 1-3 in sections [0036] to [0044]).

Allowable Subject Matter

The following is a statement of reasons for the indication of allowable subject matter: The subject matter of claims 1-18 and 20 is patentably distinct because the prior art of record does not teach or suggest a process for preparing trihydrocarbylsilylated unsaturated carboxylate monomers, as defined by formulas I and II, by reacting a compound of formula III with a compound of formula IV or formula V.
